

## Product Specification Data

### DCM STATIC CLING VINYL

#### Facestock: Static Cling Vinyl NTC

DCM Static Cling is a non-top-coated\*, vinyl film. DCM Static Cling requires no adhesive, applies quickly and cleanly to most smooth, polished surfaces, and is easily removable. DCM Static Cling is an excellent product for window advertising, point-of-purchase window decals, pricing stickers, automotive window decals, and reusable, seasonal decals.

DCM Static Cling vinyl is available in both 7.5 mil White and 7.5 mil Clear varieties\*\*.

*\*A top-coated version of DCM Static Cling vinyl is available by request for custom orders.*

*\*\*6.5 mil White and 6.0 mil Clear are also available by request for custom orders.*

#### Adhesive: None

DCM Static Cling is a self-clinging system with no adhesive.

#### Liner:

DCM Static Cling is available on a variety of different liners to suit your project's individual needs.
